

H600

pallet weigher

Description

The H600 is a free standing 'U' shaped pallet weigher of fabricated steel construction using four Avery Weigh-Tronix weighbars fitted to height adjustable feet.

A spirit level is fitted to the closed end of the 'U' to give an indication of the level of the platform.

Two rollers are fitted in the open end of the 'U' and a hand grip at the closed end, so that the platform can be tilted off its feet for relocating.

The scale is compatible with all current Avery Weigh-Tronix instrumentation. Refer to relevant user manual.

The H600 can be moved within the operating area by being lifted by the hand grip and manoeuvred on its rollers.

3 m of interconnection cable.

Fabricated from either painted mild steel or grade 304L stainless steel.

Specification

Capacities

600 kg x 0.2 kg
1000 kg x 0.5 kg
1500 kg x 0.5 kg
2500 kg x 0.5 kg

Strength

2500 kg (distributed load).

Indicating System

Suitable for use with all current Avery Weigh-Tronix indicating systems.

Stamping

Suitable for 3000 d OIML, EEC and NWML approvals.

Temperature range -10 °C to 40 °C.

Refer to local regulations.

Environment

Storage Temperature
-10 °C to 50 °C

Service Temperature
-10 °C to 50 °C

Finish

Standard
Grey Hammer painted mild steel

Option
Grade 304L stainless steel

Dimensions

Length: 1200 mm.

Height: 75 mm minimum*.

Width (between beams): 600 mm, 800 mm and 1000 mm.

Width of each beam: 120 mm.

*Up to 10 mm of level adjustment is provided on each foot.

Weight

36 kg.

Options

1. Grade 304L stainless steel.
2. Trade approval to EN45501: 1994 European approval (E Approval) Class III with Avery Weigh-Tronix indicator systems.

Capacities available:

600 kg x 0.2 kg
1000 kg x 0.5 kg
1500 kg x 0.5 kg
2500 kg x 0.5 kg

Shipping Specification

Net

36 kg.

Gross

60 kg.

Harmonised Commodity Code

842382 91 0.
